

REGISTERED MASSAGE THERAPISTS ASSOCIATION OF BC
Safe, Effective Healthcare

December 3, 2021

Dear Member,

The Registered Massage Therapy Association of BC (RMTBC) is pleased to announce a call out for the RMTBC Poster Session at the 2022 RMTBC Rehabilitation Symposium, April 22nd – 23rd 2022 in New Westminster BC. This year marks the first year for the RMTBC hosting a poster session at our symposium. We invite you to submit a *Rehabilitation & Massage Therapy* research poster for consideration as an important addition to the event.

Posters are an important way for massage therapists and researchers to share their expertise with other members of the profession. RMTBC encourages participation in this event to create a forum for informal discussion of research, and to provide attendees with the opportunity to learn how research impacts the profession. The Poster Sessions will provide a showcase to share your *Rehabilitation & Massage Therapy* research with over 350 expected attendees.

The 2022 Poster Session will include posters in two categories within the *Rehabilitation & Massage Therapy* umbrella:

- 1) Original Research
- 2) Clinical Case Presentations.

Looking for ideas? Case reports make excellent research posters! Posters should include research findings, photographs, charts and diagrams, and be accompanied by an abstract. Share your work and help inform and inspire other massage therapists!

Additional information regarding how to create a poster can found here:

<https://www.youtube.com/watch?v=GQoQi1T75vM&feature=youtu.be>

Please submit abstracts electronically to research@rmtbc.ca by February 15th 2022, at 11:59 pm PST. Selected authors will be notified by February 28th 2022.

We hope you will consider contributing to the dissemination of important information among massage therapists by participating in this exciting opportunity.

Sincerely,

Gordon MacDonald
Executive Director
